*We hope you will join us at our **42nd Annual Meeting** to learn about the Jamaica Center BID's activities in the last year and discuss the current state of our district and upcoming initiatives. We are delighted to welcome **representatives of the Queensboro FC Professional Soccer Club** as our special guest this year. **Queensboro FC executives** will give us a brief overview of their soccer club's exciting move to a new stadium on the York College campus, and provide information about the team and the fans—all who are expected to add to the customer base in downtown Jamaica. Learn how our business community can embrace this influx of soccer fans by offering goods and services to extend their stay before and after home games!*
